

Fabian Kutsche

Senior Full-Stack Engineer · Technical Lead

Horn-Bad Meinberg, Germany +49 160 3601017 kutschefabian@gmail.com [LinkedIn](#) [GitHub](#) [fkutsche.dev](#)

Available from 1 November 2026

PROFILE

Senior Full-Stack Engineer and Technical Lead with extensive experience building security-critical web products. Combines hands-on product development with architecture ownership, AWS infrastructure and technical leadership of a four-person team.

TECHNOLOGIES AND SKILLS

Frontend: TypeScript, React, React Native, Next.js, Vue.js

Backend and data: Node.js, Go, Python, SQL

Cloud and delivery: AWS, Terraform, CI/CD

Architecture and security: Product architecture, authentication, reporting, end-to-end encryption, ISO 27001, BSI IT-Grundschutz, LLMs

PROFESSIONAL EXPERIENCE

Head of Development

06/2020 – 10/2026

turingpoint GmbH · Hamburg

- Built two security-critical web products from the ground up and scaled them to several hundred projects and tenants.
- Designed the overall architecture and implemented core authentication, reporting, frontend, backend, AWS infrastructure and CI/CD components hands-on.
- Provided technical leadership to three developers and owned technology and quality decisions.
- Developed a browser-based penetration-testing and vulnerability-management platform and a publicly funded, end-to-end encrypted web application.
- Served as Information Security Officer with a focus on ISO 27001 and BSI IT-Grundschutz.

Student Assistant · Software Development

11/2017 – 05/2020

ZETCON Ingenieure GmbH

Led development of a platform for the complete lifecycle management of buildings and structures, including inspection, maintenance and asset management.

Apprenticeship · Software Development

08/2013 – 02/2016

dSPACE GmbH

Vocational training as an IT specialist in application development, covering professional software engineering and collaborative delivery.

EDUCATION

Computer Science · B.Sc. (part-time)

since 10/2022

FernUniversität in Hagen · expected 10/2026

- Alongside full-time employment; bachelor's thesis in progress, planned completion by 31 October 2026.
- Topic: "Implementation of ranking functions over labelling functions in abstract argumentation".
- Specialisation in artificial intelligence, deep learning and self-supervised learning.

Computer Science studies

04/2016 – 09/2020

TU Dortmund University

Studies without degree.

CERTIFICATIONS

iSAQB Certified Professional for Software Architecture – Foundation Level (CPSA-F)

Exam passed 09/2026

Information Security Foundation according to ISO/IEC 27001

TÜV SÜD Akademie · 09/2021
